

VREXPO - Virtual Interactive Exhibition Platform

Duration:

10/2021 - 02/2025

Total budget:

391.150,00 €

In response to event cancellations caused by the COVID-19 pandemic, VRExpo develops a platform for creating virtual interactive exhibitions. It enables easy booth design and access via PC, mobile, or VR. The goal is seamless remote commercial promotion, offering a sustainable solution for future digital or hybrid events.
